

COVID Assessment Centres

Depending on your situation, you may be able to get a free COVID-19 test at your local COVID-19 assessment centre or a participating pharmacy.

Toronto Public Health (TPH) does not provide testing for COVID-19 at TPH offices.

OHIP coverage is not required for COVID-19 assessment or testing.

Who may be tested at an assessment centre?

Individuals who:

- Have [symptoms of COVID-19](#), or
- Have been exposed to a confirmed case of the virus, as notified by local public health or the COVID Alert app, or
- Live or work in a setting that has a COVID-19 outbreak, as identified by the local public health unit, or
- Are eligible for testing as part of a targeted testing initiative* as determined by the Ministry of Health, Ministry of Long-Term Care or other Ministries, including:
 - Residents or workers in long-term care homes
 - Visitors to a long-term care home
 - Residents or workers in homeless shelters
 - International students
 - Farm workers
 - Indigenous communities
 - Other setting-specific populations (e.g. asymptomatic cancer patients and pre-operative surgical patients as directed by their treating clinicians)
 - Travellers who require a test before travelling internationally**
- Children and teenagers who are indicated to get tested based on the Ministry's [COVID-19 school and child care screening](#)

* Targeted testing populations may change from time to time

** This is an interim measure and details for travellers who require testing may change

Who may be tested at a participating pharmacy?

Individuals who:

- Do not have [symptoms of COVID-19](#), and
- Are eligible for testing as part of a targeted testing initiative* as determined by the Ministry of Health, Ministry of Long-Term Care or other Ministries, including:
 - Residents or workers in long-term care homes
 - Visitors to a long-term care home
 - Residents or workers in homeless shelters
 - International students that have passed their 14 day quarantine period
 - Farm workers
 - Indigenous communities
 - Travellers who require a test before travelling internationally**

* Targeted testing populations may change from time to time

** This is an interim measure and details for travellers who require testing may change

Do not visit a pharmacy if:

- You have any [symptoms of COVID-19](#) , or
- In the past 14 days, you have been identified as a close contact of a person with confirmed COVID-19, or
- You have been advised by your local public health unit to get tested for COVID-19 due to an exposure to a confirmed case or as part of an outbreak investigation, or
- You have been advised to get tested through an exposure notification through the COVID-19 app, or
- In the past 14 days, you returned from travel outside of Canada

COVID Testing Facilities – Close proximity to Pearson International Airport (within 9km)
